

Whittley Easter Regatta heads to Cockle Bay

Whittley Marine Group and Whittley Club NSW INC. have joined forces to stage the National Whittley Easter Regatta for 2008 at the Cockle Bay Marina Complex in Sydney.

Whittley owners from around Australia are expected to join in the fun with like-minded Whittley boat enthusiasts for the long weekend.

Every two years the Regatta brings together Whittley cruising club members from Queensland, NSW and Victoria at a specially chosen cruising location.

Past regattas have been at some of Australia's finest waterways including Myall Lakes in NSW, Southport in Queensland, and most recently Victoria's Gippsland Lakes.

Whittley Club NSW is expecting in excess of 100 Whittleys of all models, including the new Cruiser 2800 flagship, to make it Australia's largest ever one-make gathering of boats.

Cockle Bay Marina Complex has been chosen for its extensive facilities and superb cruising and scenic attractions (full details at www.cocklebaywharf.com.au).

Whittley Co-Owner and Managing Director, Neville Whittley, said the biannual regatta was a rare opportunity for Whittley owners to share their cruising with the entire Whittley family. "All three generations of the Whittley family will be at the Regatta this year, which is the first time we have all been there together," he said.

"It is a special pleasure for us all, and especially for our parents Jim and Aileen as the founders of the company, to spend time on the water with so many Whittley owners.

"The family spirit – both our immediate family and the wider family of Whittley owners – has been the key to making Whittley Australia's most respected trailerable boat builder."

Full details of the 2008 National Whittley Easter Regatta are available from Peter Hewitt at Whittley Club NSW on 0412 268 422

You'll be smiling too if you spend next Easter at the National Whittley Regatta at Cockle Bay.
